

Release Notes

Release Version : 8.2517.06

General : 3 change(s)

Development : 2 change(s)

Desktop: VAT - Reverse changes made for previously planned ZAR VAT increase

Dev Ref: 39565

In keeping with the National Treasury's reversal of the planned VAT increase for 1 May 2025, all associated changes in the product have been reversed.

GXManage: Global Lists - Add First Name field to add and edit screens on Doctors: Master List functionality

Dev Ref: 37451

Development to add a `First Name` field to the Add and Edit screens on the Doctors: Master List functionality has been completed.

Problem Investigation : 1 change(s)

MedDebs: Print - Statement setup to hide medical aid/patient amount columns

Dev Ref: 39204

Support Ref #: 799631

A new setup option, `Do not print med aid/patient split,` has been added for statements. When selected, the statement will display a single total column. The summary section will be omitted, and the age analysis will show totals only. For more information, please contact your assigned FCL or visit our learning centre at:
