

General : 3 change(s)

Bug Fix : 3 change(s)

Med Debs: Batch Transactions - Interest does not post

Dev Ref: 44732

Related Issue: 974348

Addressed the issue where an interest run did not post the interest journals if the financial period was not selected manually. Interest run will always validate the journal date.

System Options: EDI - Cut-off Amount changes to R0.00

Dev Ref: 44734

Related Issue: 973790

Addressed the issue where the cut-off amount would revert back to R0.00 when making other ERA Setup changes.

System Options: System Configurations - Error when reaching Periods tab during entity setup

Dev Ref: 45768

Related Issue: No Issue

Addressed an issue where when adding a new entity the financial periods did not populate and thus caused an error.

Hospital : 1 change(s)

Bug Fix : 1 change(s)

Med Debs: Print - Unlinked hospital case receipt not appearing on Debtor Drilldown report

Dev Ref: 45362

Related Issue: 967369

Addressed the issue where unlinked receipts did not display on the Debtor Drilldown report.

Stock : 1 change(s)

Bug Fix : 1 change(s)

Stock: Stock Setup - SQL error when using "Mark ZERO-level items as inactive" functionality

Dev Ref: 44263

Related Issue: No Issue

Addressed the issue that would occur when using the 'Mark ZERO-level items as inactive' functionality.
